

Example input and output of Task C2

Input requirement: Select start date, end date and some countries. The start date must be smaller than end date.

Output: A chart showing the rate of vaccination of selected countries.

Example 1:

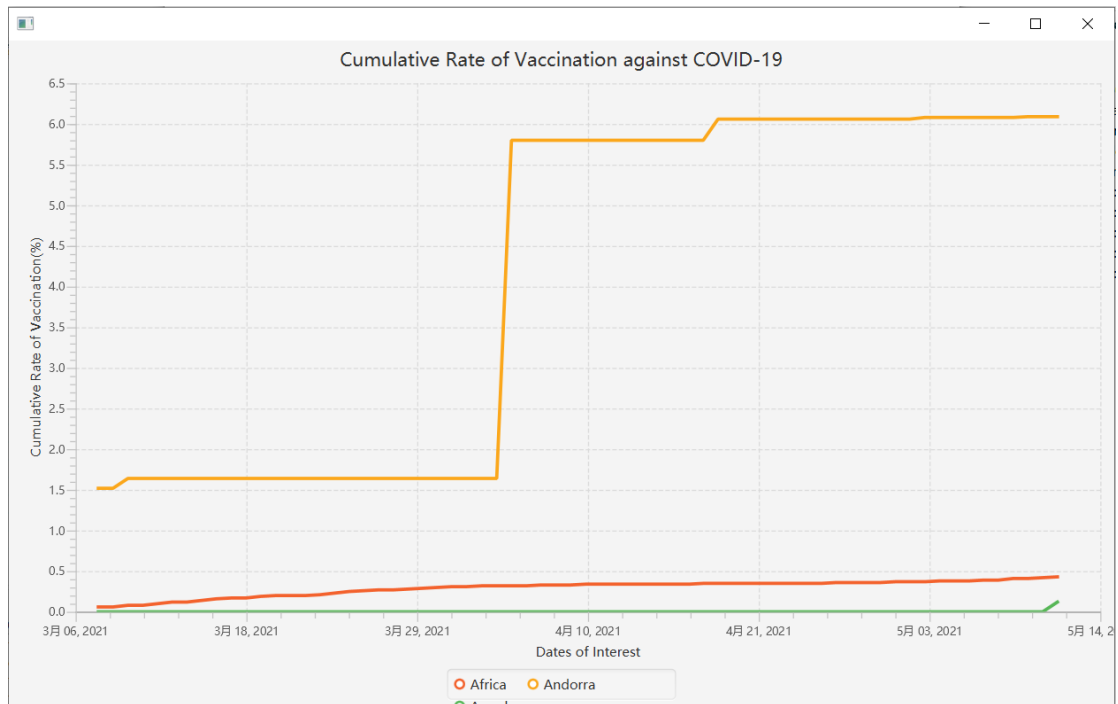

Input:

Date: Record From: 2021/3/8 Record Till: 2021/5/12

Countries: Africa, Andorra, Angola

The screenshot shows a web application interface with a top navigation bar containing tabs: Task Zero, Table A, Table B, Table C, Chart A, Chart B, Chart C, and Report C. The main content area is titled "Cumulative Rate of Vaccination against COVID-19". It features two date input fields: "Record From:" with the value "2021/3/8" and "Record Till:" with the value "2021/5/12". Below these is a "Generate Chart" button. To the right is a "Select Countries:" list with checkboxes for Afghanistan, Africa (checked), Albania, Algeria, Andorra (checked), Angola (checked), Anguilla, Antigua and Barbuda, and Argentina. A "Console" window at the bottom displays the message "Display Vaccination Table. [17:21:53]".

Output:

Example 2:

Input:

Date: Record From: 2021/7/15 Record Till: 2021/5/12

Countries: Africa, Andorra, Angola
